DEPARTMENT OF LAND USE**

From the County Executive

Dear Friends:

New Castle County has adopted a Rental Property Registration Program to help ensure that your home is a safe place to live. As part of this program, we require your landlord to provide you with a copy of this guide.

The Tenants' Rights and Responsibilities Guide outlines acceptable living conditions for rental housing and encourages you to work with landlords to resolve property maintenance issues. In the event that this process is unsuccessful, this booklet tells you the appropriate steps to take if a property is not properly maintained.

If you need additional copies of this guide in either English or Spanish, please call us at (302) 395-5555 or email us at landuse@newcastlede.gov.

Thank you for choosing New Castle County as your home, I look forward to working with New Castle County's tenants and landlords to ensure that our rental properties are safe places for citizens and their families.

Sincerely,

Matthew S. Meyer
County Executive

New Castle County Tenants' Rights & Responsibilities Guide

Unless an emergency situation exists, your first step for reporting any problem in your rental unit should always be to contact your landlord. You may contact your landlord by telephone or in person, **BUT** you must always put your complaints in writing. The letter should be hand-delivered, sent by certified mail, or certificate of mailing. Always keep a copy for yourself. Remember, the law requires that you put all communications in writing. If not in writing, it is as if it never happened.

Essential Services (heat, water, hot water, electric): The State of Delaware's Residential Landlord/Tenant Code, Section 5308, describes the provision of "essential services" provided by the landlord. The landlord is responsible to maintain the systems in your rental unit in working order. The landlord is not responsible if the rental agreement says that a tenant must pay for the costs of an essential service, and the problem with the essential service is due to the actions or inactions of the tenant (such as a failure to pay the utility).
