(1) Your group's benefit period is based on a Calendar Year. The Calendar Year is a consecutive 12-month period beginning on January 1st.

(2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense. If you are enrolled in a ''Family plan'', with your embedded deductible, only one eligible family member must satisfy his/her individual deductible before claims reimbursement begins. In addition, with your embedded out-of-pocket limit, once an individual family member's out-of-pocket limit is satisfied, additional claims reimbursement begins for that person. Finally, with your embedded TMOOP, once any eligible family member satisfies his/her individual TMOOP, claims will pay at 100% of the plan allowance for covered expenses, for the rest of the plan year.

(3) Services are limited to those listed on the Highmark Delaware Preventive Schedule.

(4) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.

This is not a contract. This benefits summary presents plan highlights only. Contract limitations and exclusions apply. Please refer to your benefits booklet (or contact your marketing representative to request a copy) for complete information.
