New feature added to the inspections web scheduling page!!! In addition to the great features already available, such as real-time access to inspection results, real-time notifications, 24/7 access to schedule inspections, and the ability to pay fees, you can now see the status of your permit before it is issued. Some of the benefits you can expect include:

- ◇ See the status of your pre-issued permit without the need to login to ePlans
- ◇ Anyone has access, simply search for the permit number
- ◇ Information available in real-time

Visit the webpage at <https://inspections.newcastlede.gov> to see it for yourself!
